

## ADDENDUM to the End User License Agreement for Hexagon Products Including Oracle Technology

---

This addendum (“Addendum”) is applicable to you in the event that you have obtained Hexagon products that deliver certain Oracle Technology (“Oracle Technology” as defined further below). With regard to Oracle Technology, (i) this Addendum modifies the End User License Agreement or other applicable software license agreement (“EULA”) between you and Intergraph Corporation doing business as Hexagon Safety & Infrastructure (“Hexagon”) related to Oracle Technology delivered in Hexagon products, and (ii) in the event of a conflict between the EULA and this Addendum, this Addendum shall govern specifically with regard to the Oracle Technology described herein. In the event of a conflict of terms between the EULA, any other EULA addendum, and this Addendum, this Addendum shall take precedence over the EULA and any other EULA addendum regarding the subject hereof. The EULA and this Addendum together constitute the “License” applicable to Hexagon Products with the Oracle Technology identified herein.

“Oracle Technology” is defined as (i) the Oracle Database 12c Release 1 JDBC Drivers in the Intergraph InPursuit WebRMS suite, and (ii) the Oracle Data Access Components in the Intergraph NetWorks suite. Hexagon provides the Oracle Technology subject to a restricted license and licenses it to you strictly for your internal use with the Hexagon products identified in this paragraph, and strictly in accordance with this Addendum.

You may not:

- Remove or modify the Oracle Technology markings or any notice of Oracle’s or a licensor’s proprietary rights;
- Use the Oracle Technology to provide third party training unless Oracle expressly authorizes such use on the Oracle Technology download page;
- Assign this Addendum or distribute, give, or transfer the Oracle Technology or an interest in the Oracle Technology to any third party;
- Cause or permit reverse engineering (unless required by law for interoperability), disassembly or decompilation of the Oracle Technology; and
- Disclose results of any Oracle Technology benchmark tests without Oracle’s prior consent.

All rights not expressly granted in this Addendum are reserved by Oracle. If you want to use the Oracle Technology or Oracle Technology documentation for any purpose other than as expressly permitted under this Addendum, you must obtain from Oracle or an Oracle reseller a valid license under a separate agreement permitting such use. However, you acknowledge that the Oracle Technology may not be intended for production use and/or Oracle may not make a version of the Oracle Technology available for production or other purposes. Any development or other work you undertake with the Oracle Technology is at your sole risk.

Oracle or its licensors retain all ownership and intellectual property rights to the Oracle Technology.

Export laws and regulations of the United States and any other relevant local export laws and regulations apply to the Oracle Technology. You agree that such export laws govern your use of the Oracle Technology (including technical data) and any services deliverables provided under this Addendum, and you agree to comply with all such export laws and regulations (including “deemed export” and “deemed re-export” regulations). You agree that no data, information, program and/or materials resulting from Oracle Technology or services (or direct products thereof) will be exported, directly or indirectly, in violation of these laws, or will be used for any purpose prohibited by these laws including, without limitation, nuclear, chemical, or biological weapons proliferation, or development of missile technology. Accordingly, you confirm:

- You will not download, provide, make available or otherwise export or re-export the Oracle Technology, directly or indirectly, to countries prohibited by applicable laws and regulations nor to citizens, nationals or residents of those countries.
- You are not listed on the United States Department of Treasury lists of Specially Designated Nationals and Blocked Persons, Specially Designated Terrorists, and Specially Designated Narcotic Traffickers, nor are you listed on the United States Department of Commerce Table of Denial Orders.

- You will not download or otherwise export or re-export the Oracle Technology, directly or indirectly, to persons on the above mentioned lists.
- You will not use the Oracle Technology for, and will not allow the Oracle Technology to be used for, any purposes prohibited by applicable law, including, without limitation, for the development, design, manufacture or production of nuclear, chemical or biological weapons of mass destruction.

THE ORACLE TECHNOLOGY IS PROVIDED “AS IS” WITHOUT WARRANTY OF ANY KIND. ORACLE FURTHER DISCLAIMS ALL WARRANTIES, EXPRESS AND IMPLIED, INCLUDING WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NONINFRINGEMENT.

IN NO EVENT WILL ORACLE BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE OR CONSEQUENTIAL DAMAGES, OR DAMAGES FOR LOSS OF PROFITS, REVENUE, DATA OR DATA USE, INCURRED BY YOU OR ANY THIRD PARTY, WHETHER IN AN ACTION IN CONTRACT OR TORT, EVEN IF ORACLE HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. ORACLE’S ENTIRE LIABILITY FOR DAMAGES UNDER THIS ADDENDUM SHALL IN NO EVENT EXCEED ONE THOUSAND DOLLARS (U.S. \$1,000).

Unless Oracle support for the Oracle Technology, if any, is expressly included in a separate, current support between you and Oracle, Oracle’s technical support organization will not provide technical support, phone support, or updates to you for the Oracle Technology provided under this Addendum.

Hexagon may audit your use of the Oracle Technology. You may terminate the License by destroying all copies of the Oracle Technology. The License shall automatically terminate without notice if you fail to comply with any of the terms of the License, in which case you shall promptly destroy all copies of the Oracle Technology.

Oracle is an independent contractor and you and Oracle agree that no partnership, joint venture, or agency relationship exists between you and Oracle. You and Oracle shall each be responsible for paying your own employees, including employment related taxes and insurance. Nothing in this Addendum shall be construed to limit your or Oracle’s right to independently develop or distribute software that is functionally similar to your or Oracle’s products, so long as proprietary information of the other party is not included in such software.

Oracle Technology and/or Oracle Technology documentation delivered to U.S. Government end users are “commercial computer software” pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the Oracle Technology and/or Oracle Technology documentation shall be subject to the license terms and license restrictions set forth in this Addendum. No other rights are granted to the U.S. Government.

You shall have no right to distribute the Oracle Technology or the Oracle Technology documentation.

Oracle is a third party beneficiary of this Addendum.
