The Parties agree these Master Terms will govern each Order.

These Master Terms consist of the following:

- The General Terms and Conditions set forth below
- Exhibit A – End User License Agreement
- Exhibit B – Maintenance Terms and Conditions for Software
- Exhibit C – Sample Project Deliverable Sign-Off Form
- Exhibit D – Cloud Program Conditions
- Exhibit E – Subscription License Terms
- Exhibit F – Common Terms Glossary

GENERAL TERMS AND CONDITIONS

1 Definitions. All capitalized terms not otherwise defined herein shall have the meaning set forth in Exhibit E (Common Terms Glossary).

2 Elements of an Order.

2.1 Order Composition.

2.1.1 Each Order will be comprised of Order Documents.

2.1.2 From time to time, Customer may request from Hexagon or Hexagon may provide Customer a draft Quote and/or SOW for Deliverables. Once the Parties mutually agree upon the contents of the Order Documents, as applicable, the Parties shall accept the Order Documents.

2.1.3 Upon mutual acceptance of the Order Documents, Customer will execute the Order Documents and/or issue a PO or a notice to commence work, unless otherwise specified in the Order Documents. Except as set forth in the Order Documents, Hexagon shall not commence work on the Order until it receives from Customer a PO or notice to commence work.

2.1.4 Notwithstanding the foregoing, Orders for Maintenance Services and Cloud Programs shall commence on the date specified in the Order Documents regardless of whether Customer has issued a PO or notice to commence work.

2.2 Pricing. The following minimum elements shall be included with the Order Documents associated with the following types of Orders:

2.2.1 For a Software License Sale, a Quote identifying the Software licenses and quantities being procured and the total price for the Software License Sale.

2.2.2 For Time and Materials Project Assignments, a Quote setting forth the number of hours allocated for each grade of Hexagon resource to be utilized on the assignment and the hourly rate for each grade of Hexagon. Unless otherwise specified in the Order Documents, the Time and Materials Project Assignment shall expire and end six (6) months from the date the Order was formed between the Parties.

2.2.3 For Fixed Price Project Assignments, a Quote and SOW shall set forth the price of the work to be performed for and the Deliverables provided for that Order.

2.2.4 For Orders for Maintenance Services, a Quote identifying the Software to be maintained and the total price for the associated Maintenance Services.

2.2.5 For Cloud Program Sales, the quantity of License Keys subscribed for, the duration (beginning and end) of the period of the Customer's subscription to the Cloud Program, the amount of Cloud Program Fees payable to Hexagon for the Cloud Program, and Cloud Services Schedule(s) associated with the ordered Cloud Applications.

2.2.6 For Subscription License Sales, a Quote identifying the name of the Subscription Licenses, the quantity of the Subscription Licenses being purchased, and the Subscription Term.

2.3 Change Control. During the course of Hexagon's performance under an Order, either Party may request a change in the scope of the Order in writing, delivered to the other Party's project manager. Any changes in price, schedule, or other terms must be documented either by an amendment or Change Order. No change, as contemplated in this paragraph, shall become effective until agreed to by both Parties in a mutually-executed writing.

2.4 Acceptance. Acceptance will occur based upon the following:

2.4.1 For Fixed Price Project Assignments, when the applicable Task Acceptance Criteria has been satisfied in accordance with the Task Acceptance Process as set forth in an SOW.

2.4.2 For Time and Materials Project Assignments and Maintenance Services, the services are accepted as performed.

2.4.3 For a Software License Sale, once the Software has been delivered or access to the Software has been provided.

2.4.4 For a Cloud Program Sale, when the License Keys are provided to Customer.

2.4.5 For a Subscription License Sale, once the applicable Subscription License(s) has been delivered or access to the Subscription License has been provided to the Customer.

3 Composition of the Master Agreement.

3.1 Components. The agreement between the Parties (herein referred to as the "Master Agreement") consists of: (1) the Principle Contracting Document, (2) these Master Terms (including the General Terms and Conditions and all Exhibits), (3) any amendments to the Master Agreement, (4) Orders, together with any Change Orders, that may be delivered, prepared, or issued after the Effective Date, and (5) all documents, including applicable documents referenced via hyperlink, incorporated by reference in the documents identified in this Section. For certain Third Party Software, additional terms and conditions provided with the Order Documents ("Third Party Terms") will also be applicable and be considered as part of the Master Agreement.

3.2 Order of Precedence. In the event of any conflict or inconsistency among documents forming the Master Agreement, the following order of precedence shall be used to determine the resolution of the discrepancy, unless the Parties mutually agree in writing to an alternative decision:

- (1) Any amendments to the Master Agreement;
- (2) The Principle Contracting Document;
- (3) These Master Terms (excluding exhibits);
- (3) Exhibits to these Master Terms; and
- (4) Orders, as amended or modified by a change order.

For only the Third Party Software subject to the Third Party Terms, the Third Party Terms shall have precedence in the event of a conflict between with the Master Terms and the Third Party Terms.

4 Invoicing and Payment.

4.1 Invoices. Invoices shall be issued based upon the following:

4.1.1 For Software License Sales, Hexagon shall invoice Customer for the amount set forth in the Quote upon delivery of or access having been provided to the Software identified in the Order Documents;

4.1.2 Orders for Fixed Price Project Assignments shall be invoiced and become payable upon completion of a payment milestone identified in the SOW; and

4.1.3 Time and Materials Project Assignments shall be billed and invoiced on a monthly basis as the hours are expended and Onsite Fees are incurred, or after all hours set forth in the Order Documents have been expended, whichever occurs first.

4.1.4 Orders for Maintenance Services shall be billed and invoiced in accordance with Exhibit B.

4.1.5 Cloud Program Sales shall be billed and invoiced in accordance with Exhibit D.

4.1.6 Orders for Subscription License Sales shall be billed and invoiced in accordance with Exhibit E.

4.2 Payment. Customer shall make payment for any invoices issued by Hexagon within thirty (30) calendar days of the date the invoice was issued.

4.3 Late Payment. If Customer does not make timely payment, an interest charge of two percent (2%) per Month (or the maximum allowed by law, whichever is less), which shall be compounded on a monthly basis, will be due on any unpaid and overdue amounts. To the extent the Customer is the subject of an applicable prompt pay act statute or ordinance, the Customer shall be subject to the terms set forth in that statute(s) and/or ordinance(s) in lieu of the prior sentence.

4.4 Taxes. The purchase price is exclusive of all Federal, State, or Local taxes. Any taxes applied to this sale by a Federal, State, or Local taxing authority will be the responsibility of Customer. Such taxes do not include franchise taxes or taxes based on net income. If Customer is claiming tax-exempt status, it must submit the proper documentation satisfactory to Hexagon evidencing its tax exempt status. Applicable taxes may be invoiced at any time such taxes become fixed and certain.

5 Term and Termination.

5.1 Term. The Term of the Master Agreement shall begin on the Effective Date and remain in effect for a period of sixty (60) consecutive Months or until the Master Agreement is earlier terminated pursuant to the terms set forth herein or by mutual agreement of the Parties. An Order that is executed prior to the expiration of the term of the Master Agreement shall be governed by the Master Agreement even if the Master Agreement Term expires during the performance of the Order. To the extent Customer executes an Order pursuant to later issued master terms, then this Master Agreement shall terminate upon completion of all Orders executed hereunder regardless of the amount of time remaining in the Term.

5.2 Termination for Convenience. Except for Orders for Maintenance Services, Cloud Program Sales, and Subscription License Sales, either Party may terminate the Master Agreement or an Order in its sole discretion at any time upon providing the other Party with thirty (30) days written notice. The Coverage Period, Cloud Term, or Subscription Term, (if applicable) shall survive termination if the Master Agreement is terminated for convenience. In the event of a termination pursuant to this paragraph, Customer agrees to pay Hexagon for the Work performed and Software delivered and provided, plus the cost of any labor, equipment, or materials ordered in good faith prior to notice of termination that could not be canceled, less amounts previously paid by Customer for such Work and/or Software. To the extent a Party exercises its right to terminate a specific Order, that termination shall have no effect upon the remaining Master Agreement, which, along with any other active Orders, shall remain in full force and effect. If a Party desires to terminate the Master Agreement, then the Parties shall proceed to wind down all ongoing work under the respective Orders in effect under the Master Agreement by the termination date. Each Party shall take commercially reasonable steps to bring the work to a close and to reduce its costs and expenditures.

5.3 Termination for Cause. Either Party may terminate the Master Agreement or a specific Order, as the case may be, in the event that other Party materially breaches a material term of the Master Agreement or any Order.

5.3.1 In the event a Party has materially breached an Order, the non-breaching Party may terminate the Order only after providing a sixty (60) calendar day cure period to cure such breach and the breach has not been cured, except for material breaches arising from non-payment. During the sixty (60) day cure period, the Parties shall try to determine a mutually agreeable plan to cure such breach. If such breach cannot be cured or an acceptable plan is not provided within the sixty (60) day cure period, the non-breaching Party may, but does not have the obligation to, terminate the Order.

5.3.2 In the event a Party has materially breached the Master Agreement or multiple Orders, the non-breaching Party may terminate the Master Agreement only after providing a sixty (60) calendar day cure period to cure such breach and the breach has not been cured except for material breaches arising from non-payment. During the sixty (60) day cure period, the Parties shall try to determine a mutually agreeable plan to cure such breach. If such breach cannot be cured or an acceptable plan is not provided within the sixty (60) day cure period, the non-breaching Party may, but does not have the obligation to, terminate the Master Agreement. If the Master Agreement is terminated pursuant to this paragraph, by the termination date, Hexagon will stop all Work pursuant to any Orders arising under the Master Agreement. In the event the Master Agreement is terminated for cause, Hexagon shall be entitled to, and Customer agrees to pay Hexagon, payment for all Work performed and Software provided on all ongoing Orders up to the termination date, less amounts previously paid by Customer under the affected Orders.

5.3.3 Notwithstanding the foregoing, Hexagon may suspend its performance of or terminate any Order or the Master Agreement for cause if payment is not received within thirty (30) days following the date when payment was due. In the event an Order is suspended or terminated for cause, Hexagon shall be entitled to, and Customer agrees to pay Hexagon, payment for Work performed and Software delivered on said Order up to the suspension or termination date, less amounts previously paid by Customer under the affected Orders. If Hexagon suspends an Order under this paragraph, then it may thereafter terminate the Order upon giving written notice to the Customer.

5.3.4 Notwithstanding the foregoing, Customer may not exercise a termination pursuant to the terms of Section 5.3 if Hexagon's material breach of the terms and conditions of the Master Agreement or any Order thereunder is caused or partially caused by Customer's negligence or failure to perform its obligations.

6 IP Ownership.

Customer acknowledges Hexagon will retain ownership and title of Hexagon IP made or provided pursuant to any Order. All Hexagon Software provided under the Master Agreement is licensed to Customer in accordance with Exhibit A (End User License Agreement) except as it is inconsistent with the terms set forth herein. Third Party Software is licensed to Customer pursuant to the software license agreement delivered with such Third Party Software product.

7 Warranties.

7.1 Software. The Software provided under the Orders is warranted to substantially conform to the user documentation on the date of delivery. This warranty only applies to Software products that are not already covered by a Support Contract between Customer and Hexagon.

7.2 Subsystem Warranty Coverage. For, and only for, new Subsystems procured/implemented pursuant to an Order under these Master Terms, the warranty coverage shall be set forth in the applicable SOW, which shall be in lieu of the warranty coverage set forth in Section 7.1.

7.3 Third-party Warranty Coverage. To the extent third-party products are supplied by Hexagon, those products are provided with a pass-thru-warranty from the original manufacturer, if any.

7.4 Disclaimer. Any product information Hexagon has shared with Customer during the proposal and/or contract activities to date was to provide an understanding of Hexagon's current expected direction, roadmap, or vision and is subject to change at any time at Hexagon's sole discretion. Hexagon specifically disclaims all representations and warranties regarding future features or functionality to be provided in any Software or Deliverable. Hexagon does not commit to developing the future features, functions, and/or products discussed in this material beyond that which is specifically committed to being provided by Hexagon pursuant to a valid Order. Customer should not factor any future features, functions, or products into its current decisions since there is no assurance that such future features, functions, or products will

be developed. When and if future features, functions, or products are developed, they will be made generally available for licensing by Hexagon.

7.5 Warranty Disclaimer. EXCEPT AS SPECIFICALLY SET FORTH IN THIS ARTICLE, HEXAGON DISCLAIMS (TO THE FULLEST EXTENT PERMITTED BY LAW) ALL WARRANTIES ON PRODUCTS FURNISHED PURSUANT TO THE MASTER AGREEMENT, INCLUDING ALL WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE WARRANTIES SET FORTH IN THIS ARTICLE 7 IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, AND, EXCEPT AS SET FORTH IN ARTICLE TITLED "INDEMNIFICATION PROVISIONS" BELOW, REPRESENTS THE FULL AND TOTAL WARRANTY OBLIGATION AND/OR LIABILITY OF HEXAGON.

8 LIMITATION OF LIABILITY

9 Indemnification Provisions.

9.1 Subject to the limitation of liability provisions in the Master Agreement, Hexagon will defend, at its expense, a third party action, suit, or proceeding against Customer ("Claim"), and indemnify Customer from any judgments, settlements, and reasonable attorney's fees resulting therefrom, to the extent such Claim is (i) attributable to bodily injury, death, or physical damage to tangible property caused by Hexagon's negligent acts or omissions arising under the Master Agreement; or (ii) based upon an allegation that a Software Product, Customized Software, Cloud Application, or Services Deliverable as of its delivery date under the Master Agreement, infringes a valid United States: patent, copyright, or trademark, or misappropriates a third party's trade secret ("Infringement Claim").

9.2 Hexagon's defense and indemnification obligations are conditioned upon:

9.2.1 Customer providing prompt written notice to Hexagon in writing of any Claim;

9.2.2 Hexagon having primary control of the defense of any actions and negotiations related to the defense or settlement of any Claim, understanding Hexagon may not settle a claim without Customer's consent if such settlement assigns fault or culpability to Customer; and

9.2.3 Customer cooperating fully in the defense or settlement of any Claim.

9.3 Hexagon will have no obligation to defend Customer or to pay any resulting costs, damages, or attorneys' fees for any Infringement Claims alleging direct or contributory infringement of the Software Product, Cloud Program, or Service Deliverable (i) by the combination of or integration with a product, process, or system not supplied by Hexagon; (ii) by material alteration by anyone other than Hexagon or its subcontractors; (iii) by use after Customer has been notified of possible infringement; (iv) by use after modifications are provided to Customer; (v) by use after a return for refund as described below is ordered by Hexagon; (vi) if the creation of which was pursuant to specifications provided by Customer; or (vii) by use other than as specified in the documentation associated with the Software Product.

9.4 In connection with any Infringement Claims, Hexagon, at its own expense and option, may either (i) obtain rights for Customer to continue using the allegedly infringing Hexagon supplied item; (ii) replace the item with a non-infringing alternative, or modify the allegedly infringing elements of the item, while maintaining substantially similar software functionality or data/informational content; or (iii) refund to

Customer a prorated portion of the license fees paid by Customer for the infringing item(s); provided that proration for perpetually licensed software shall be based on a five (5)-year, straight-line depreciation basis beginning from the initial date of delivery. In the event of a prorated return, Customer will uninstall, cease all use of and return to Hexagon the infringing item(s).

9.5 In no event will the indemnification for Infringement Claims apply to any Beta Software, or sample, hot fix, royalty-free, or evaluation software delivered pursuant to the Master Agreement.

9.6 Hexagon is not required to indemnify or defend Customer against Claims brought by any Customer Affiliate.

9.7 This section provides the sole and exclusive remedies of Customer and Hexagon's entire liability in the event of a Claim. Customer has no right to recover and Hexagon has no obligation to provide any other or further remedies, whether under another provision of the Master Agreement or any other legal theory or principle in connection with a Claim.

10.1 Policies and Coverage Amounts. Hexagon agrees to procure and maintain in force during the term of the Master Agreement, at its own cost, the following policies and amounts of coverage:

10.1.1 Workers' Compensation Insurance as required state statute or regulation.

10.1.2 Commercial General Liability Insurance with minimum combined single limits of ONE MILLION DOLLARS (\$1,000,000) each occurrence and ONE MILLION DOLLARS (\$1,000,000) general aggregate. The policy shall be applicable to all premises and operations. The policy shall include coverage for bodily injury, broad form property damage, and personal injury.

10.1.3 Automobile Liability Insurance with minimum combined single limits for bodily injury and property damage of not less than ONE MILLION DOLLARS (\$1,000,000) for any one occurrence, with respect to each of Hexagon's owned, hired or non-owned vehicles assigned to or used in performance of the services or work under the Master Agreement.

10.1.4 Umbrella/Excess Coverage with minimum combined single limits of ONE MILLION DOLLARS (\$1,000,000) per occurrence.

10.2 Policy Maintenance. Hexagon shall procure and maintain, and shall cause any subcontractor of Hexagon to procure and maintain, the minimum insurance coverages listed herein. All policies shall be continuously maintained for the term of the Master Agreement.

10.3 Certificate of Insurance. A Certificate of Insurance shall be completed by Hexagon's insurance agent(s) as evidence that policies providing the required coverage amounts, conditions, and minimum limits are in full force. The completed Certificate of Insurance shall be sent to the contact person identified in the Principle Contracting Document.

11.1 Hexagon shall take reasonable industry action to prevent, detect, identify, report, track and respond to Security Incidents. In the event of a Security Incident, Hexagon will provide a Security Incident report to the Customer or its Affiliates via the support website or Cloud Portal (as applicable). The report shall be provided as soon as practical following discovery and investigation of a Security Incident.

12 Dispute Resolution.

12.1 Resolution Protocol. The Parties shall exercise their best efforts to negotiate and settle promptly any dispute that may arise with respect to the Master Agreement or Order made pursuant to the Master Agreement ("Dispute") in accordance with the provisions set forth herein. If either Party disputes any provision of the Master Agreement (the "Disputing Party"), or the interpretation thereof, or any conduct by the other Party under the Master Agreement, that Party shall bring the matter to the attention of the other Party at the earliest possible time in order to resolve the Dispute except for Disputes for non-payment. If such dispute is not promptly resolved by the employees responsible for the subject matter of the dispute, the Disputing Party shall be permitted to deliver to the non-Disputing Party contact person identified in the Principle Contracting Document a written notice of the dispute, whereupon the Parties shall endeavor in

good faith to escalate the dispute to appropriate executives for each Party for resolution within fifteen (15) business days, or such longer period as to which the Parties may mutually agree.

12.2 Mediation. To the extent a dispute is not resolved through the process outlined in the previous section and remains unresolved, the Parties agree to enter into non-binding mediation to resolve the dispute. Within sixty (60) calendar days, of the issuance of the Dispute Notice, or such longer period that is mutually agreeable to the Parties, the Parties agree to identify a mutually acceptable mediator who shall mediate the dispute. If after making reasonable efforts to identify a mutually acceptable mediator and no later than fifty (50) calendar days after the issuance of the Dispute Notice, the Parties are unable to identify such a mediator, the Disputing Party shall provide the non-disputing party with a list of five (5) proposed mediators. The non-disputing Party shall have five (5) business days from receipt of such list from the Disputing Party to identify one proposed mediator on the list to use as a mediator. If the non-disputing Party fails to identify and communicate its choice to the Disputing Party in the time allotted, then the Disputing Party shall be permitted to unilaterally identify the mediator from the list of five (5) mediators previously given who shall mediate the Dispute. The mediator shall be an attorney licensed to practice law in the state courts identified in section below titled "Governing Law." Subject to the mediator's availability, the Parties agree to mediate the dispute within thirty (30) days after the Parties have identified a mediator who has agreed to mediate the dispute. To the extent the mutually identified mediator is unavailable, unwilling, or unable to mediate the Dispute, the Parties shall utilize the same steps listed above to identify a new mutually agreeable mediator. To the extent the Disputing Party had to prepare a list of proposed mediators previously, it shall prepare and transmit a revised list within five (5) business days of receiving notice of the proposed mediator's unavailability. Subject to the mediator's requirements, the Parties agree they shall be permitted to attend the mediation via telephone or video conferencing. The Parties agree to pay in equal shares the mediator's fee and expenses unless otherwise agreed to pursuant to a settlement agreement.

12.3 Prerequisites to Litigation. Except for disputes for non-payment, only after the Parties have endeavored to resolve the dispute through the processes outlined in the immediately preceding two sections may a Party commence litigation to resolve the dispute.

12.4 Injunctive Relief. Notwithstanding the foregoing, either Party may, before or during the exercise of the informal dispute resolution procedures set forth above, apply to a court identified in the section titled "Governing Law" for a temporary restraining order or preliminary injunction where such relief is necessary to protect its interests pending completion of such informal dispute resolution procedures.

13 Notices.

All notices given between the Parties shall be in writing and shall be considered properly sent by postage prepaid Mail or overnight carrier to the Customer and/or Hexagon representative, as applicable and identified in the Principle Contracting Document, or such substitutes as may hereafter be disclosed by proper notification.

14 Force Majeure.

Neither Party shall be deemed to be in default of any provision of the Master Agreement or an Order or be liable for any delay, failure in performance, or interruption of service resulting from acts of war, acts of terrorism, criminal acts, acts of God, acts of civil or military authority, cyber-attack, labor disruption, civil disturbance, or any other cause beyond its reasonable control.

15 Place of Performance.

To the extent necessary, Customer agrees to provide appropriate work space and work place accommodations; computer equipment; software; access to relevant data, documents, plans, reports, and analyses; and necessary access to Hexagon personnel to perform work on an Order. To the extent work is performed remotely, Customer must provide VPN or secured remote connectivity (including a login and password) to all servers and workstations requiring installation/configuration by Hexagon.

16 Amendments.

Any and all amendments to the Master Agreement shall specifically reference the fact the amendment is intended to alter these Master Terms. No Order or Change Order shall affect these Master Terms.

17 Confidential Information.

The Parties agree not to disclose Confidential Information provided to it by the Disclosing Party to the maximum extent allowable under applicable law unless it first obtains the Disclosing Party's written consent to such disclosure. It is further understood and agreed that money damages may not be a sufficient remedy for any breach of this provision of the Master Agreement by the Receiving Party and the Disclosing Party may be entitled to seek equitable relief, including injunction and specific performance, as a remedy for any such breach. Such remedies shall not be deemed to be the exclusive remedies for a breach of this provision of the Master Agreement but will be in addition to all other remedies available at law or equity. The covenants set forth herein and the rights and obligations related thereto shall continue for a period of five (5) years from the date of disclosure.

18 Personal Data.

18.1 Where Personal Data is provided by the Customer to Hexagon, the Customer shall act as the data controller and shall be responsible for complying with all applicable data protection laws. Hexagon shall act as the data processor in respect of such Personal Data and shall process the Personal Data in accordance with applicable data protection laws. The Customer acknowledges and agrees that Hexagon is not capable of being a data controller due to Hexagon's inability to determine the purpose and means of the processing of Personal Data provided by Customer to Hexagon. To the extent that: (a) Personal Data of Users or Authorized Cloud Users provided by the Customer to Hexagon pursuant to the Master Agreement is subject to the European Union General Data Protection Regulation 2016/679, as may be amended from time to time ("GDPR"); and (b) the Customer and Hexagon do not have a separate, written data processing agreement, then the Customer and Hexagon agree that the terms of Hexagon's Data Processing Addendum, as updated from time to time, found at: https://www.hexagonsafetyinfrastructure.com/-/media/Legal/Hexagon/SI/Policies/DPA/DPALP/DPA_LP_08-2019.pdf, shall apply.

18.2 Where Customer is responsible for providing Personal Data on behalf of Users or Authorized Cloud Users directly to Hexagon, Customer will secure and maintain all necessary consents and make all necessary disclosures before including Personal Data in Customer Data input to, or otherwise supplied to Hexagon. In the event Customer, including all its Users, does not consent to Personal Data being processed as a result of the Master Agreement, Customer acknowledges Hexagon may be unable to provide Services, Software Products, Maintenance Services, and/or Cloud Program (or part thereof).

18.3 Hexagon will only process Customer supplied Personal Data in accordance with the Customer's lawful instructions and to the extent and as necessarily required to provide the applicable goods and services under the Master Agreement and for no other purpose. Except as may be otherwise required by law, contract, or judicial order, after expiration or earlier termination of the Master Agreement, Hexagon will destroy all Customer-supplied Personal Data in accordance with applicable data protection laws.

18.4 If Hexagon supplies maintenance, support, or subscription services to Customer with respect to third-party products, and if the third-party supplier or proprietor of such requires Customer be party to any data processing agreement in connection therewith, and if Customer has not separately executed an instrument to satisfy such requirement, then Customer and Hexagon agree that the terms of the applicable third-party data processing agreement, as updated from time to time, found at https://www.hexagonsafetyinfrastructure.com/-/media/Legal/Hexagon/SI/Policies/DPA/DPALP/DPA_LP_08-2019.pdf, shall apply.

19 Assignment.

Neither Party shall assign, sublet, or transfer all or any portion of the Master Agreement, nor any interest in the Master Agreement, without the express written consent of the non-assigning Party, which consent may be granted or withheld in the sole discretion of the non-assigning Party. Notwithstanding the foregoing, Hexagon may assign its rights and obligations under the Master Agreement, without the approval of Customer to: (1) an Affiliate or (2) another business entity in connection with a merger, consolidation, or reorganization of Hexagon or any of its subsidiaries.

Hexagon IP, including any technical data related to Software, Services, Maintenance Services, or Cloud Programs is subject to the export control laws and regulations of the United States. Diversion contrary to United States law is prohibited. Hexagon IP, including any technical data related to Software, Services, Maintenance Services, or Cloud Programs shall not be exported or re-exported, directly or indirectly (including via remote access), under the following circumstances:

- To Cuba, Iran, North Korea, Syria, the Crimean region of Ukraine or any national of these countries or territories.
- To any person or entity listed on any United States government denial list, including, but not limited to, the United States Department of Commerce Denied Persons, Entities, and Unverified Lists, the United States Department of Treasury Specially Designated Nationals List, and the United States Department of State Debarred List (http://export.gov/ecr/eg_main_023148.asp).
- To any entity if Customer knows, or has reason to know, the end use is related to the design, development, production, or use of missiles, chemical, biological, or nuclear weapons, or other unsafeguarded or sensitive nuclear uses.
- To any entity if Customer knows, or has reason to know, that a reshipment contrary to United States law or regulation will take place.

Customer agrees to hold harmless and indemnify Hexagon and its Affiliates for any causes of actions, claims, costs, expenses and/or damages resulting to Hexagon from a breach of the export restrictions set forth in the Master Agreement by Customer or any User. Any questions regarding export or re-export of the Software should be addressed to Hexagon's Export Compliance Department at 305 Intergraph Way, Madison, Alabama, 35758, USA or at exportcompliance@intergraph.com. If the Software Customer received is identified on the media as being ITAR-controlled, the Software has been determined to be a defense article subject to the U.S. International Traffic in Arms Regulations ("ITAR"). Export of the Software from the United States must be covered by a license issued by the Directorate of Defense Trade Controls ("DDTC") of the U.S. Department of State or by an ITAR license exemption. The Software may not be resold, diverted, or transferred to any country or any end user, or used in any country or by any end user other than as authorized by the existing license or ITAR exemption. Subject to the terms of the EULA included herein, a Software Product may be used in other countries or by other end users if prior written approval of DDTC is obtained.

If Customer is located outside the United States, Customer is responsible for complying with any local laws in Customer's jurisdiction which might impact Customer's right to import, export or use the Software, and Customer represents that Customer has complied with any and all regulations or registration procedures required by applicable law related to the use and importation of the Software Products.

21 Non-Solicitation of Employees.

Customer agrees it will not, without the prior written consent of Hexagon, solicit any Hexagon employee, or induce such employee to leave Hexagon's employment, directly or indirectly, during the Term and for a period of twelve (12) Months after the Master Agreement expires or is terminated.

22 Miscellaneous.

22.1 Authority. Each Party represents and certifies to the other Party it has the requisite legal authority to enter into and be bound by the Master Agreement and all Orders arising from the Master Agreement.

22.2 Survival. In addition to other provisions that are specifically identified as surviving termination of this Master Agreement, the rights and obligations in sections titled "IP Ownership", "Limitation of Liability", "Dispute Resolution", "Confidential Information", "Export", and the terms of any license or access granted pursuant to the Master Agreement (including, but not limited to, Exhibit A, Exhibit D, and/or Exhibit E), shall survive and continue after expiration or termination of the Master Agreement, shall remain in effect until fulfilled, and shall apply to any permitted successors and assigns. Upon termination of the Master Agreement, the provisions of the Master Agreement, including those in the preceding sentence, which by their express terms survive termination, shall remain in full force and effect.

22.3 Waiver. The waiver by either Party of any of its rights or remedies in enforcing any action or breach under the Master Agreement in a particular instance shall not be considered as a waiver of the same or different rights, remedies, or actions for breach in subsequent instances.

22.4 Severability. If any provision of the Master Agreement or an Order is void, voidable, unenforceable, or illegal in its terms, but would not be so if it were rewritten to eliminate such terms that were found to be voidable, unenforceable, or illegal and such rewrite would not affect the intent of the provision, then the provision must be rewritten to be enforceable and legal.

22.6 Headings. Numbered topical headings, articles, paragraphs, subparagraphs or titles in the Master Agreement are inserted for the convenience of organization and reference and are not intended to affect the interpretation or construction of the terms thereof.

22.7 Governing Law. END-USER LICENSE AGREEMENT

IMPORTANT—READ CAREFULLY: This EULA is a legal agreement by and between User and Hexagon for the Software Product. Software Products are also subject to the Use Terms. Any software, including, without limitation, any open source components and/or Upgrades, associated with a separate end-user license agreement is licensed to User under the terms of that license agreement. Use Terms delivered with an Update or Upgrade of a Software Product shall apply to the Update/Upgrade. All use of the Software Product is subject to applicable Order Documents.

- 1.0 LICENSE GRANT.** Provided User is not in breach of any term or condition of this EULA, Hexagon hereby grants User a limited, non-exclusive license up to the quantity of Software Product licenses purchased by User to: (i) install and use the Software Product, in object code form only; (ii) use, read, and modify documentation prepared by Hexagon and delivered to User pursuant to the Order Documents; and/or (iii) view and/or use Hexagon audio-visual training materials provided to User pursuant to the Order Documents; provided all of the foregoing shall be strictly for User's internal use and strictly in accordance with this EULA and the applicable Order Documents. The license is non-transferable, except as specifically set forth in this EULA. User assumes full responsibility for the selection of the Software Product to achieve User's intended results, and for the installation, use and results obtained from the Software Product.
- 2.0 UPDATES AND UPGRADES.** If the Software Product is an Update to a previous version of the Software Product, User must possess a valid license to such previous version to use the Update. Neither the Software Product nor any previous version may be used by or transferred to a third party. All Upgrades are provided to User on a license exchange basis and are subject to all of the terms and conditions of the EULA provided with the Upgrade. By using an Update, User (i) agrees to voluntarily terminate User's right to use any previous version of the Software Product, except to the extent that the previous version is required to transition to the Update or Upgrade; and (ii) acknowledges and agrees that any obligation that Hexagon may have to support the previous version(s) of the Software Product will end upon availability of the Update. If an Update is provided, User will take prompt action to install such Update as directed by Hexagon. If User fails to do so, User acknowledges that the Software Product may not work correctly or that User will not be able to take advantage of all of the Software Product's available features. In such event, Hexagon will not be liable for additional costs User incurs because of User's failure to install such Update.
- 3.0 RIGHTS AND LIMITATIONS**
- 3.1 The Following are Permitted for User's License:**
- User may make one copy of the Software Product media in machine readable or printed form and solely for backup purposes. Hexagon retains ownership of all User created copies. User may not transfer the rights to a backup copy unless User transfers all rights in the Software Product and license as provided for in Section 3.2.1. Any other copying of the Software Product, any use of copies exceeding the number of copies User has been authorized to use and has paid for, and any distribution of the Software Product not expressly permitted by this EULA, is a violation of this EULA and of federal and/or applicable governing law.
- 3.2 The Following are Prohibited for User's License:**
- 3.2.1** User shall not sell, rent, license, lease, lend or otherwise transfer the Software Product, or any copy, modification, or merged portion thereof without Hexagon's express written consent for such transfer, which consent may not be unreasonably withheld. Any such unauthorized transfer will result in automatic and immediate termination of the license.
- 3.2.2** The Software Product is licensed as a single product. User shall not, and User shall not authorize anyone else to: (i) decompile, disassemble, or otherwise reverse engineer the Software Product; (ii) work around any technical limitations

in the Software Product; (iii) publish the Software Product for others to copy or use; (iv) use, copy, modify, distribute, disclose, license or transfer the Software Product, or any copy, modification, or merged portion, in whole or in part, except as expressly provided for in this EULA; (v) re-use the component parts of the Software Product with a different software product from the one User is licensed to use or on different computers; (vi) circumvent any license mechanism or in the Software Product or the licensing policy; (vii) publish to a third party any results of benchmark tests run on the Software Product (viii) use or view the Software Product for any purposes competitive with those of Hexagon; (ix) use the Software Product except as expressly set forth in this EULA; and (x) unless otherwise specifically permitted in writing by Hexagon, use the Software Product outside the country in which it is licensed.

3.3 Fault Tolerance

The Software Product is not one hundred percent (100%) fault-tolerant. Unless the Software Product's documentation expressly provides the contrary: Software Product is not designed or intended for use in any situation where failure or fault of any kind of the Software Product could lead to death or serious bodily injury of any person, or to severe physical, property or environmental damage ("High-Risk Use"); and, User is not licensed to use the Software Product in, or in conjunction with, any High-Risk Use. High-Risk Use is STRICTLY PROHIBITED. High Risk Use includes, for example, the following: operation of aircraft or other modes of human mass transportation, nuclear or chemical facilities, and Class III medical devices. User hereby agrees not to use the Software Product in, or in connection with, any High-Risk Use. High Risk Use shall not mean use of the Software Product for purposes for which it is regularly marketed and sold (e.g. public safety and utility dispatch software may be used to dispatch police, fire, emergency medical services, and emergency utility services).

3.4 Licensing Mechanism Disclaimer.

Without waiver of any of its rights herein, Hexagon may at its sole discretion provide User who is operating public safety Software Products a licensing mechanism to allow such Software Products to be available for use even when User has accessed all of its purchased licenses. Regardless of whether it receives the licensing mechanism, User acknowledges it is permitted to use the Software Products only up to the amount of licenses it has purchased. Any usage of Software Products beyond the amount purchased by User will be subject to the payment of additional fees by User to Hexagon at then current prices for the Software Products in like manner as provided in Section 6.2 (Audit).

4 USER OBLIGATIONS

- 4.1 The Software Product may require User's System to comply with specific minimum software, hardware and/or Internet connection requirements. The specific minimum software, hardware and/or Internet connection requirements vary by Software Product and type of license and are available from Hexagon upon request.
- 4.2 User is responsible, and bears the sole risk, for backing up all systems, software, applications, and data, as well as properly using the Software Product.
- 4.3 At all times, User must keep, reproduce and include all copyright, patent, trademark and attribution notices on any copy, modification or portion of the Software Product, including, without limitation, when installed, used, checked out, checked in and/or merged into another program.
- 4.4 User shall comply with the Use Terms, including limitations that apply to specific types of licenses identified therein.

5 TERM.

- 5.1 For a Perpetual License, this EULA is effective until terminated (a) by User, by returning to Hexagon the original Software Product or by permanently destroying the Software Product, together with all copies, modifications and merged portions in any form; (b) by Hexagon, upon User's breach of any of the terms hereof or User's failure to pay the appropriate license or subscription fee(s); (c) upon User's installation of an Upgrade that is

accompanied by a new license agreement covering the Software Product Upgrade; or (d) by expiration of the applicable license files, if this is a temporary license. User agrees upon the termination of this EULA to cease using and to permanently destroy the Software Product (and any copies, modifications and merged portions of the Software Product in any form, and all of the component parts of the Software Product) and certify such destruction in writing to Hexagon.

- 5.2 For a Subscription License, this EULA is effective until the User's Subscription Term expires without being renewed; by Hexagon upon User's breach of any of the terms hereof or User's failure to pay the appropriate Subscription License fee(s); or the Subscription is otherwise terminated. User agrees upon the termination of this EULA or expiration of User's Subscription to cease using and to permanently destroy the Software Product (and any copies, modifications and merged portions of the Software Product in any form, and all of the component parts of the Software Product) and certify such destruction in writing to Hexagon.

6. AUDIT.

- 6.1 Hexagon shall have the right to:

6.1.1 Audit User's use of the Software Product and User's compliance with the provisions of this EULA during User's normal business hours. Hexagon will provide User with thirty (30) days prior written notice of an audit under this Section. Hexagon's right to conduct this type audit shall be limited to twice per calendar year. Prior to the start of an audit, Hexagon's personnel will sign a reasonable non-disclosure agreement provided by User. During the audit, User shall allow Hexagon's personnel to be provided reasonable access to both User's records and personnel.

6.1.2 Obtain certain documentation from User, as follows. Hexagon will not demand the transmission of usage tracking log files more frequently than four (4) times in any calendar year.

- 6.2 In the event the results of the audit in Section 6.1.1 or the documentation provided by User in Section 6.1.2 indicate User has used unlicensed Software Products or quantities thereof, User agrees to promptly pay Hexagon: (i) the current list price for each unlicensed Software Product(s) used by User (ii) interest of two percent (2%) per month or the highest rate allowed by applicable law for each month, commencing with the initial month of unlicensed usage of the Software Product(s), and (iii) the costs for the audit in Section 6.1.1.

2. TERM

- 2.1. Term. The Support Contract shall begin, retroactively (if applicable), on the first calendar day of the first Month of the Coverage Period and shall expire on the last calendar day of the last Month of the Coverage Period. The Coverage Period shall be for whole Months only.
- 2.2. Renewal. Prior to expiration of the Coverage Period, Hexagon may submit to Customer a renewal quote with pricing for extension of the Coverage Period. The Parties may extend the Coverage Period pursuant to Order Documents.
- 2.3. Lapse. In the event of a Lapse: (i) Hexagon shall, at any time, be entitled to discontinue Maintenance Services, in whole or in part, for the affected Covered Products; (ii) Hexagon shall be relieved of any previously provided pricing commitments or options for Maintenance Services, if any, related to time periods following the Lapse; and, (iii) Hexagon may permit Customer to reinstate support for Covered Products pursuant to Hexagon's then current policies and practices, including any policies or practices related to payment of reinstatement fees.

3. SCOPE OF COVERAGE FOR COVERED SOFTWARE PRODUCTS

Maintenance Services described in this Section apply to Covered Software Products only. Maintenance Services for Covered Third Party Products are separately stated.

Hexagon offers three levels of Maintenance Services for Covered Software Products, dependent upon the Software Product and other factors. Under all levels of Maintenance Service, Hexagon shall provide reasonable commercial efforts to aid in the diagnosis of Defects. Under all levels of Maintenance Services, but only until the subject Software Product version reaches Version Limitation I or Version Limitation II, Hexagon shall provide reasonable commercial efforts to aid in correction of Defects. After a Software Product version reaches Version Limitation I, but only until the subject Software Product reaches Version Limitation II, Hexagon shall provide reasonable commercial efforts to aid in correction of Level One Defects only. The level of Maintenance Services for each Software Product is identified in the Order Documents, subject however to Version Limitations. Defect corrections provided by Hexagon shall, unless otherwise agreed by Hexagon, be delivered within Hexagon's product releases, and in accordance with Hexagon's standardized release cycles. Levels of Maintenance Services are as follows:

- 3.1. Advantage Support. Advantage Support will include and be limited to the diagnostic and Defect correction support as described above, and the following: Out-of-the-box functionality support via the support help desk (telephone or eService via Hexagon's support website where available at <https://support.hexagonsafetyinfrastructure.com>); and, access to any applicable Hexagon problem knowledge base online self-help tool. Phone support is available Monday through Friday from 8AM – 5PM at Customer's local time, excluding Hexagon-observed holidays. Local variances in support hours will be posted on the Customer Support Web Site or applicable local support website or can be determined by contacting Customer's local Hexagon office.

Updates are shipped to Customer upon Customer request, logged in the Customer Support Web Site. Hexagon is not obligated to produce any Updates. For avoidance of doubt, a Customer's entitlement to Updates shall not include entitlement to any therein embedded or otherwise related module or function which is licensed and priced separately from Covered Product(s) for which Customer has purchased an entitlement to Updates.
- 3.3. Premium Support. Premium Support will include all features available under Standard Support (subject to Version Limitations). Additionally, for a Level 1 Defect, phone support is also available after-hours and on Hexagon-observed holidays.

3.4 Product Change Requests (also referred to as CR-E) will be reported in like manner as set forth in Section 3.1. Hexagon will review Product Change Requests and at its sole discretion decide whether to make the requested change to the Covered Product(s) through an Update. Product Change Requests not accepted may be the subject of a separate contract between the Parties. 4.1 The Cloud Program Sale Order commences on the Effective Date and shall continue for the Cloud Term, unless earlier terminated in accordance with the Master Terms and these Cloud Conditions. To the extent any optional renewals are identified in the Quote, the Customer must issue a PO or a notice to proceed to extend the Cloud Term and at the prices set forth in the Quote not less than sixty (60) days prior to the end of the Cloud Term. Prior to the end of the Cloud Term, the Customer may renew the Cloud Program Sale Order and/or have Customer Data Offboarded.

4.2 In addition to the rights and remedies set forth in the Master Terms, once notified in writing of the overdue payment, Customer acknowledges Hexagon may, without further notice, reduce the Cloud Services to the lowest tier of Cloud Services offered by Hexagon. During such time, Hexagon or the Third Party Service Provider is not obligated to facilitate or provide any services related to Onboarding or Offboarding. Without waiver of its right to terminate the Master Agreement and/or Cloud Program Sale Order or seek additional remedies, if full payment has not been received by Hexagon within thirty (30) days following written notice, Hexagon may suspend providing the Cloud Program to Customer until all outstanding Cloud Program Fees together with any applicable interest has been paid to and received by Hexagon. For avoidance of doubt, and without limitation, if Hexagon suspends providing the Cloud Program to Customer for non-payment, Customer shall have no right to access or use Cloud Applications, software applications provided by Hexagon which are incidental to the Cloud Program, Third Party Software Products, Cloud Services, Cloud Optional Services, or any goods, services, or benefits to be provided by Hexagon hereunder. Suspension of the Cloud

Program for non-payment shall not prejudice Hexagon's rights hereunder or relieve Customer from the obligation to pay Cloud Program Fees associated with the period of suspension.

4.3 Termination shall not relieve the Customer of the obligation to pay any Cloud Program Fees accrued or payable to Hexagon prior to the date of termination. Unless otherwise agreed to in writing by Hexagon, in the event Hexagon terminates a Cloud Program Sale Order due to any of the conditions set forth in Section 4.2 above, then under no circumstances whatsoever shall Customer be entitled to any refund of Cloud Program Fees paid in advance to Hexagon pursuant to the terms of the Master Agreement.

5 AVAILABILITY. Hexagon shall reasonably endeavor to deliver Availability in accordance with the Service Level specified in the applicable Cloud Services Schedule. "**Availability**" or "**Available**" means the ability to connect to the Cloud Portal, connect to the Customer Cloud Environment for Production, launch Cloud Application(s), and access Customer Data contained in the Customer Cloud Environment for Production. Availability does not include the availability of third-party portals or Cloud Optional Services. Availability of Cloud Application(s) shall be determined by launching the main application for the applicable Cloud Application. For purposes of calculating Availability time, the following is excluded: time expended for Planned Maintenance; downtime required to perform Cloud Consulting Services; time expended due to the inability for Customer to connect to the Cloud Portal due to problems with the Customer's infrastructure or the internet; and, time expended due to any other circumstances beyond Hexagon's reasonable control, including Customer's or any User's use of third-party materials or use of the Cloud Program other than in compliance with the express terms of the Master Agreement and Hexagon's reasonable instructions (collectively "Exception(s)")

6 CRITICAL SERVICE LEVELS. The purchased Service Level classifications are set forth in the Cloud Service Schedule. "**Service Operational Time**" means the time, expressed in a percentage as set forth below, that the Cloud Application is Available for a given Month during the service. The method of calculating the Service Operational Time is:

$$\frac{\text{Hours of Cloud Program Availability for a given Month}}{\text{Hours of Cloud Program Availability} + \text{downtime hours for such Month which are not related to an Exception}} \times 100$$

7 SERVICE CREDITS

7.1 If in any Month the Service Operational Time in a Cloud Environment for Production falls below the purchased Service Level (a "**Service Incident**"), a "Return to Green Plan" shall be initiated for the Customer's Environment for Production. Hexagon shall have: (i) the remainder of the Month in which the Customer notified Hexagon of the Service Incident by way of a Cloud Service Request, which notified Hexagon of the problem which resulted in the Service Operational Time falling below the applicable Service Level, *plus* (ii) one (1) additional Month (collectively, the "**Go Green Period**"), to return the Service Operational Time to such Service Level.

7.2 Subject to Section 7.3 below, if the Service Operational Time does not rise to the applicable Service Level within the Go Green Period, then the Service Credit provided in the Cloud Service Schedule will be applied against each Month in which the Service Operational Time remains below such Service Level.

7.3 Service Credits apply:

7.3.1 Only as specified within the Cloud Services Schedule;

7.3.2 Only to the extent that the affected Customer Environment is used in Production;

7.3.3 In strict accordance with Section 5;

7.3.4 Only if a Customer has logged a Cloud Service Request which notified Hexagon of the problem that causes the Critical Service Level to fall below the identified Availability percentage in the Cloud Services Schedule (“Green”); and

7.3.5 Only where Customer is compliant with the AUP.

7.4 To the extent applicable and properly noticed by Customer in accordance with Section 7.1 above, Service Credits shall be credited against the next invoice until such applicable Service Credits have been used. If the Master Agreement is terminated or Customer elects not to renew the Master Agreement before an ensuing invoice is issued, then such Service Credits are forfeited. Customer shall have no right to receive any monetary remuneration in exchange for unused Service Credits. Notwithstanding anything herein to the contrary, in no event shall Service Credits for any given year during the Term exceed twenty percent (20%) of the amount of Cloud Program Fees payable by Customer to Hexagon pursuant to the Quote for the annual period in which the Service Credit accrued.

7.5 The Customer’s exclusive remedy for not meeting the Critical Service Level specified in the Cloud Services Schedule shall be the Service Credits as set forth in this Section.

8 CLOUD SERVICES SUPPORT.

8.1 As part of Cloud Services, Hexagon will provide the Cloud Services Support described within this Section 8.

8.2 Cloud Services Support is available at the times specified in the applicable Cloud Services Schedule. Cloud service requests and Product Change Requests can be directed by an Authorized Cloud User to Hexagon by: (i) the support website (<https://support.hexagonsafetyinfrastructure.com>), or (ii) telephoning Hexagon support at the times permitted within the Cloud Services Schedule.

8.3 When reporting a Cloud Service Request, if an Error, an Authorized Cloud User shall assign the Cloud Service Request a priority level based upon the criteria set forth in the support website (<https://support.hexagonsafetyinfrastructure.com>). The Authorized Cloud User shall provide a brief justification as to the criticality of the Cloud Service Request and a description of the Error giving rise to the Cloud Service Request, to include a statement of steps necessary to produce the error. Hexagon shall respond to the Cloud Service Request and provide commercially reasonable efforts to aid and address the Cloud Service Request. If Hexagon disagrees with the priority of the Cloud Service Request, it shall discuss the matter with Customer, but Hexagon, in its sole discretion, reserves the right to revise the initially reported priority level of the Cloud Service Request.

8.4 Product Change Requests will be reported in like manner as set forth in Section 8.3. Hexagon will review Product Change Requests and at its sole discretion decide whether to make the requested change to the Cloud Program. Product Change Requests not accepted may be the subject of a separate contract between the Parties. For the avoidance of doubt, to the extent Hexagon agrees to make a requested change to the Cloud Program pursuant to a Product Change Request, any and all IPR resulting from such change or modification is and shall remain the property of Hexagon.

8.5 Customer acknowledges and agrees that, as part of providing Cloud Services Support, Hexagon is permitted to make necessary changes to the Cloud Program without notice if necessary to perform Emergency Maintenance. Hexagon shall be permitted to access the Customer Cloud Environment in the event Hexagon deems Emergency Maintenance is necessary.

8.6 As it relates to, and only to, Local Software which is listed on the Quote, Hexagon shall provide support in like manner as is provided for Cloud Applications except Customer will permit Hexagon to electronically access the Local Software in the Local Environment via SecureLink™. SecureLink™ is a tool for providing secure, auditable remote access to the Local Software in order for Hexagon

support personnel to effectively troubleshoot and address Errors related to Local Software. Support for Local Software listed on the Quote is included within Cloud Services Support except as is otherwise rendered commercially unreasonable due to the Local Software being hosted by Customer.

8.7 Except as otherwise necessary, as determined by Hexagon in its sole discretion, to satisfy the requirements of Sections 8.3 and 8.4, Cloud Services Support does not include: (i) training; (ii) configuration of Cloud Application(s), Cloud Optional Services, Cloud Portal, Third Party Software Products, Software Products, or other components of the Cloud Program; (iii) Customer Cloud Administration; (iv) programming or software development; (v) modifications to the Cloud Applications or Cloud Optional Services not accepted as a Product Change Request; (vi) onsite services; or (vii) services required because Customer has not performed its obligations under the Master Agreement.

Cloud Consulting Services may be necessary to upgrade or update Cloud Optional Services, which is not part of Cloud Services Support.

8.8.2. From time to time, Hexagon may notify Customer through the Cloud Portal or support website (<https://support.hexagonsafetyinfrastructure.com>) that Hexagon has developed an upgrade or update for the purchased Cloud Application(s) and intends to deploy said update or upgrade, including any applicable Third Party Software Products. On the date specified in the notification, Hexagon will deploy the update or upgrade to the Cloud Development Environment for Customer testing and review, which Customer shall complete within the time prescribed in the notification of the availability of the update or upgrade, but not less than thirty (30) days thereafter (the "Testing Period"). In the event no Material Adverse Effect is reported by Customer within the Testing Period, then on a subsequently specified date by Hexagon, Hexagon will, at its discretion, deploy the update or upgrade to Customer Cloud Environment for Production.

8.8.3. In the event Customer provides written notice to Hexagon, within the Testing Period, of Customer's characterization of a Material Adverse Effect as a result of Customer's testing of the upgrade or update in accordance with Section 8.8.2 above, and Hexagon agrees and acknowledges such Material Adverse Effect, Hexagon shall discuss the matter with Customer and use commercially reasonable efforts to address any reasonable workarounds to such Material Adverse Effect, such agreed upon workaround to be subject to the same testing protocols set forth in Section 8.8.2 and this Section 8.8.3; provided, however, that Hexagon, in its sole discretion, reserves the right to deploy the update or upgrade to Customer Cloud Environment for Production: (i) if resolution cannot be reached between the Parties with respect to a reasonable workaround for such Material Adverse Effect within thirty (30) days from the expiration of the Testing Period, or (ii) if Hexagon disagrees with the existence of such Material Adverse Effect.

8.8.4 As it relates to implementing updates or upgrades for Local Software that is included within the Cloud Program, Customer shall permit Hexagon to electronically access the Local Software on Customer's System Equipment via SecureLink to implement the Update in conjunction with the updating or upgrading of the Cloud Applications and provide any other reasonable support and cooperation required by Hexagon to upgrade or update the Cloud Program.

9 CUSTOMER RESPONSIBILITIES.

- 9.1 Customer shall be responsible for all activities that occur in Authorized Cloud User and User accounts, including, but not limited to, its Affiliates' accounts, and for Authorized Cloud Users' and Users' compliance with the Master Agreement. Customer shall:

 - 9.1.2 Use commercially reasonable efforts to prevent unauthorized access to or use of Cloud Program, including preventing utilization of more Credentials than otherwise reflected by the License Key(s) set forth in the Quote, and notify Hexagon of any such unauthorized access or use;
 - 9.1.3 Provide and maintain its own System Equipment, third party software, networks, internet access, and communication lines, including any public lines required to properly access the Cloud Portal and use the Local Software, including content or data and ensure such meet the minimum standards required to interoperate with the Cloud Program as communicated by Hexagon to Customer via the Cloud Portal or as otherwise determined by Hexagon; and
 - 9.1.4 Abide by and comply with the Acceptable Use Policy, Documentation, and other requirements of these Cloud Conditions.

10 CLOUD SERVICE PROGRAM FEES.

- 10.1 Generally. Subject to Section 10.2 below, in consideration of the Cloud Program provided by Hexagon, Customer shall pay to Hexagon the Cloud Program Fees as set forth in the Quote at the time(s) specified in Section 11.
- 10.2 Fee Adjustment. On or about the Cloud Anniversary, Hexagon may review the Customer's usage of the Cloud Program to determine whether an adjustment is appropriate to align with Customer's actual usage of the Cloud Program. Hexagon's review of the Customer's usage of the Cloud Program is intended to evaluate whether the Customer's usage is consistent with the number of License Key(s) purchased for the applicable year as reflected in the Quote. If the usage shows the Customer has used more License Key(s) than are specified in the Quote, then Customer shall pay Cloud Program Fees corresponding to the number of License Key(s) used in excess of the quantity reflected in the Quote as part of its payment of the subsequent year's Cloud Program Fees. Regardless of when during the Cloud Term the following should occur, to the extent the Customer's usage of the Cloud Application(s) exceeds the number of License Key(s) reflected in a Quote by more than five percent (5%; excluding the time corresponding to shift changes and Catastrophic Events) then Hexagon shall be immediately entitled to invoice Customer for the number of License Key(s) used in excess of the amount specified in the Quote, and the Customer shall pay the amount specified in the invoice in accordance with the Master Terms.

11 TERMS OF PAYMENT.

Cloud Program Fees will be invoiced on an annual basis. The invoice corresponding to the first year of Cloud Program Fees shall be provided to Customer upon Hexagon's issuance of License Key(s) to Customer. For purposes of clarity, once the first License Key(s) is issued, the Fee will be due and payable. Invoices for subsequent years included within the Cloud Term as specified in the Quote (as may be adjusted pursuant to Section 10.2 above) will be issued prior to the Cloud Anniversary.

12 ACCEPTABLE USE POLICY (AUP).

- 12.1 The AUP forms part of these Cloud Conditions and is incorporated by reference. It may be found at the following site: https://www.hexagonsafetyinfrastructure.com/-/media/Legal/Hexagon/SI/Policies/AUP/Cloud_AUP-L.pdf. The Customer and any Authorized

Cloud User or User shall comply with the AUP. A User or Authorized Cloud User will be prompted with review and acceptance of the AUP to gain access to the Cloud Application(s). Any update to the AUP will require each User or Authorized Cloud User to re-accept the modified AUP. Failure to comply with the AUP may result in the suspension of the Cloud Program or termination of the Cloud Program Sale Order as provided in Section 5 of the Master Terms. During any period of suspension, the Customer will still be liable for payment of the applicable Cloud Program Fees.

- 12.2 Hexagon reserves the right to change the AUP at any time, but to the extent within the control of Hexagon, it will give Customer thirty (30) days' notice in accordance with the Master Terms and the Principle Contracting Document of any such changes by posting notice of the upcoming change in the AUP on the Cloud Portal or as otherwise determined by Hexagon, unless otherwise required by law or where a Third Party Service Provider requires a change to be made to the AUP and is unable to provide such period of notice. If a Third Party Service Provider requires a change to be made to the AUP, Hexagon shall provide the equivalent period of notice as is provided by the Third Party Service Provider to Hexagon.
- 12.3 Without waiver of any other requirement or limitation set forth herein, Customer's use of any third party software in conjunction with the Cloud Application, Cloud Optional Services, and Hexagon Software Products that is not certified by Hexagon to operate in conjunction with the same is solely at Customer's risk. Addressing service requests arising from the use of uncertified third party software is not included within Cloud Services Support or the Cloud Program.

- 13.2 Customer and its Affiliates, respectively, shall retain their respective full ownership and all rights associated therewith solely to Customer Data to the extent they owned IPR to said information, as well as work product input or output generated by the Cloud Program. This ownership shall not extend to any formats or other intellectual property provided by Hexagon under the Master Agreement that makes a particular data file intelligent or that structures output, said formats and intellectual property which shall remain the property of Hexagon or the respective third party that owns said format or intellectual property.

reporting may include disclosing appropriate information related to Customer or any User. Hexagon also may cooperate with appropriate law enforcement agencies, regulators, or other appropriate third parties to help with the investigation and prosecution of illegal conduct by providing network and systems information related to alleged violations of this Exhibit D (Cloud Program Conditions) and/or AUP.

- 14.2 Unless a Customer Specified Data Center(s) is included in the Cloud Services as identified in the Quote, Hexagon and its Third Party Service Provider shall have sole discretion of the location of the Data Center(s).

15 SECURITY & BREACH NOTIFICATION.

- 15.1 Hexagon shall take reasonable industry action to prevent, detect, identify, report, track and respond to Security Incidents.
